- Update on Academy St project
- Currently on hold
- Some Neighbors have reported concerns over concrete sidewalks and reportedly would like to keep their differing sidewalks in front of each of their houses
- The paving of the street has been put on hold at this time as well, as it would not be fiscally responsible to perform part of the project and return later for the rest, therefore the whole project has been put on hold until the dispute can be resolved
- May be held up for 2 years (town master plan see #6)

5. Plans to Improve Accessible Parking at 20 Academy St.
